## Synopsis of the Complete Incident / Synopsis de l'incident complet

On March 19th 2015, BSO [redacted] was working in primary booth 602 at the Douglas Port of Entry in Surrey, BC. At approximately 10:59hrs a single male US citizen; here in referred to as "the driver", arrived at the primary booth travelling in a hatchback with Oregon plates.

Due to various non-verbal and verbal indicators of being non-genuine as to purpose of travel the driver was referred to Secondary examination for further processing. The driver was asked all the mandatory questions before being referred including; "Do you have currency \$10,000 or more?" and "Do you have any weapons, firearms, pepper spray, mace, Tasers?" both of which the driver answered "No" to. The driver exited the vehicle after parking in Secondary and was directed to the Secondary office.

As BSO [redacted] was standing at the rear of the vehicle; directly facing the vehicle with rear hatch open, a black male with a bald head wearing a black zip up hoodie appeared from behind the rear passenger seat and faced him. The subject had been hiding under the large quantity of goods in the rear passenger area of the vehicle and did not present himself for examination as required under the Customs Act.

**Adherence to the Policy / Conformité aux politiques**

The committee finds that the drawing of the duty firearm by BSO [redacted] and BSO [redacted] to the low ready was proportional,

appropriate and in line with CBSA training and Use of Force Policy.

The decision by BSO to try to take control of the armed subject using soft empty hand control techniques was not in line with CBSA training or Use of Force Policy.

**Overall Comments and Recommendations / Commentaires globaux et recommandations**

It is clear from the Officer's reports that efforts were made by the officers involved to bring a dynamic high risk situation to a successful conclusion. A number of key factors were considered in BSO risk assessment; however the committee concluded that other tactics such as use of cover and lethal overwatch (i.e. drawing of the duty firearm) should have been initiated as opposed to the hands on techniques used.

Due to their key involvement in this incident it is recommended that BSO and Supt receive a refresher course on risk assessment and high risk response options. As part of the refresher on proper high risk response options, BSO and Supt should review the process concerning drawing in one fluid motion as opposed to partial draws and defeating holster safeties.

The Port of Douglas should use this event as a learning exercise and conduct an after action review of this situation to examine aspect of officer positioning, , cover, roles and responsibilities, and risk assessments in order to be better prepared should a similar situation occur.

<b>Synopsis of the Complete Incident / Synopsis de l'incident complet</b>			
On October 5th, 2015 at approximately 15:50hrs BSO heard a radio call that a male was in the pre-primary area and was walking into Canada. It was evident that the male was trying to avoid primary.			
BSO asked the male where he had come from and if he had identification. The male (now known as stated that he came from Blaine and that he did not have any identification. Based on the lack of identification, the attempt to avoid primary and the lack of response multiple times when asked to stop, BSO believed that was attempting to enter Canada illegally. BSO informed the subject that he was being detained for an Immigration examination.			

#### Adherence to the Policy / Conformité aux politiques

BSO quickly assessed that the subject was trying to avoid CBSA officers and enter Canada illegally. The BSO appropriately decided to detain the subject for an Immigration examination. When the subject actively resisted BSO the BSO used verbal communication and soft empty hand techniques to address the situation. The use of force by BSO is considered proportional and in-line with CBSA Use of Force Policy.

On June 1st 2016 BSO noticed the subject's vehicle pre-primary. BSO approached the car to investigate why the car was stopped and not approaching the primary inspection line. BSO keep a safe distance away from the vehicle and because it was dark and to show other officers his location he had his flashlight on. The subject exited the vehicle and walked towards BSO and asked "where am I? ". BSO informed him that he was attempting to enter Canada.

<b>Synopsis of the Complete Incident / Synopsis de l'incident complet</b>			
On Tuesday, June 25, 2013 BSO was working as a Designated uniformed Border Services Officer at the Port of Boundary Bay, BC.			
At approximately 19:52 BSO was in the NEXUS lane when a van driving down the Primary Inspection Line in lane 2 (in Point Roberts, Washington known as Tyee Street) which was closed, the red light was on and the yellow barricade was closed so as to not allow any vehicles to proceed into Canada in this lane.			
Primary Inspection Line in lane 1 was open and was occupied by numerous vehicles at the time.			
The driver of the vehicle proceeded to cross Roosevelt Street and entered the Primary Inspection Lane #2 and stopped approximately 1 foot from the barricades. The vehicle then reversed into the intersection of Tyee and Roosevelt (in Point Roberts, Washington) and then turned to the right and entered the open Nexus lane. The driver then stopped at the Nexus proximity card reader for a brief moment and then proceeded to the Nexus booth.			
The computer screen registered a Nexus card that belonged to The picture on the computer screen was the driver of the vehicle. No other cards registered on the computer screen and the vehicle did not appear to have any other occupants in it, although it was hard to tell as the van had dark windows on the driver side.

<b>Synopsis of the Complete Incident / Synopsis de l'incident complet</b>			
Based on the reports submitted by Officer and the following can be summarized:			
As the result of two CBSA seizures, Intelligence Officers took part in a joint operation with RCMP. While conducting a warrant at the residence of the subject, officer provided security of the residence and officer conducted a search of the residence. The subjects criminal history included manslaughter, drug trafficking and production of drugs. The subject was noted as being violent and it was determined that the situation was high risk. The RCMP conducted the door knock, forcefully opened the door and arrested the subject. The search team which included both the RCMP and CBSA members entered the residence and cleared each room. Based on the aforementioned situational factors both officers drew there duty firearms to a low ready position in response to the potential threat of death or grievous bodily harm. The incident was approximately 7 minutes in duration. At the conclusion of the event their duty firearms were holstered, no public beyond the subject and his wife were involved.			

#### Adherence to the Policy / Conformité aux politiques

Upon review of the reports submitted by Officers both officer's actions were reasonable and in the best interest of the peace officers and the public. Their actions were within CBSA Policy on the Use of Force and CBSA Training.

#### Overall Comments and Recommendations / Commentaires globaux et recommandations

With regards to the actions of both officers drawing ones duty pistol in response to the potential threat of death or grievous bodily harm, was a sound decision.

<b>Synopsis of the Complete Incident / Synopsis de l'incident complet</b>			
After reading Officer's Use of Force Reports regarding incident number _____ which took place at Burnaby, B.C. at approximately 18:15 hours 2013/01/11 I learned the following:			
Officers _____ attended the residence of subject _____ to effect an arrest for an Immigration Warrant. In addition to the outstanding Warrant the officers had the following			

background information on the subject:

The Committee finds that:

Based on the risk assessment considered in conjunction with the review made by a Use of Force Trainer and this Committee, the choice of response options utilized by the officers involved in this incident was reasonable and in-line with the CBSA Use of Force policy and the Arming training program.

**Overall Comments and Recommendations / Commentaires globaux et recommandations**

The Committee recommends that:

If officers felt the situation was high risk they should have contained the scene and called the Emergency Response Team from the local Police Force. Since the subject had a history of barricading himself and the Police ERT was contacted in a prior incident with this subject, perhaps they should have called for assistance on this occasion as well. The primary objective of any intervention is Public Safety.

Officers should discuss legal articulation with an instructor to gain a better understanding as to what is needed for a Use of Force Report. Use of Force Reports differ from other reports we write such as seizure narratives, and should be written in the officers own words from their own perspective.

The CBSA had reasonable grounds to believe _____ was in Canada and that an immigration warrant was issued for an Admissibility Hearing on _____ 2013. CBSA Inland Enforcement Officers _____ and Supervisor _____ were conducting surveillance on a residence in Chilliwack, BC. They were conducting this surveillance based on a tip from the United States Marshals Service stating that _____ a United States citizen who is currently wanted in the USA on a Probation Violation warrant _____ 2012) relating to a _____			

previous Felon in Possession of a Firearm conviction, was residing in the Chilliwack area.

#### Adherence to the Policy / Conformité aux politiques

The Committee finds that:

Based on the risk assessment considered in conjunction with the review made by a Use of Force Trainer and this Committee, the choice of response options (both the drawing to the low ready/pointing of the duty firearms & the empty hand takedown) utilized by the officers involved in this incident was reasonable and in-line with the CBSA Use of Force policy and the Arming training program.

#### Overall Comments and Recommendations / Commentaires globaux et recommandations

No training recommendations required.

Drawing the pistol to the low ready position during the approach of the subject was a sound tactical consideration when the risk assessment indicates a potential threat of DGBH. Pointing their duty firearms when the threat of DGBH was presented was appropriate.

<b>Synopsis of the Complete Incident / Synopsis de l'incident complet</b>			
Based on the information provided in the Use of Force Incident Reports provided by the officers involved, I have prepared the following synopsis of the event.			
On Tuesday April 9th, 2013, IEO's were working in plainclothes in an attempt to apprehend a subject wanted on a CBSA removal order. The address of interest was Surrey BC.			

#### HISTORY:

- 2008 Charged in Canada with Assault with a Weapon
- CPIC caution "Violent"
- Two previous arrests by CBSA for unlikely to appear

#### **Adherence to the Policy / Conformité aux politiques**

The Committee finds that:

Based on the risk assessment considered in conjunction with the review made by a Use of Force Trainer and this Committee, the choice of response options utilized by the officers involved in this incident was reasonable and in-line with the CBSA Use of Force policy and the Arming training program.

#### Adherence to the Policy / Conformité aux politiques

The Committee finds that:

Based on the risk assessment considered in conjunction with the review made by a Use of Force Trainer and this Committee, the choice of response options utilized by the officers involved in this incident was reasonable and in-line with the CBSA Use of Force policy.

The IEOs acted in good faith, and within CBSA policy and the Criminal Code in apprehending the subject. Their risk assessment was reasonable and drawing of their duty firearms to the low ready as a tactical consideration of Death/Grievous Bodily Harm was justified. However, their approach to the subject vehicle placed them in a position that jeopardized their own safety, with respect to arcs of fire, and non-defined Contact/Cover roles. The officers would have been safer to have conducted a High Risk Vehicle Extraction as per the Arming training program and as outlined in this report.

#### Overall Comments and Recommendations / Commentaires globaux et recommandations

The Committee recommends that:

The officers involved review the DFC Lectures on Contact/Cover (lesson 12) roles and the High Risk Vehicle Extractions (lesson 16) and the lessons on vehicle blocks from the Execution of Warrants & Vehicle Blocks Course. Particular attention should be paid to the requirements to have the cover officer remain with duty firearm drawn as a tactical consideration to be able to quickly respond to any threat if it materializes and correct passenger arrangement in the "T" blocking vehicle for optimal officer safety.

## Management Review Report - CBSA Use of Force Incident Rapport de revue de la gestion – Incident du recours à la force de l'ASFC

It is the Policy of the CBSA to collect information on the details of any use of force incident. This will provide the CBSA with information on the types and frequency of these incidents. It will also enable the CBSA to make important decisions regarding the safety and security of staff and ongoing training needs. The information collected on this form is protected and may be disclosed to internal or external bodies as consistent use, or pursuant to other provisions listed under section 8(2) of the Privacy Act <http://laws-lois.justice.gc.ca/eng/acts/P-21/index.html>. The information is held in CBSA Bank PIB PPU 012. Further explanations about the information contained in the Bank may be found in the Info Source guide located in public libraries, or online at <http://www.infosource.gc.ca>.

L'ASFC a pour politique de recueillir de l'information sur les détails de tout incident relatif au recours à la force. Cette pratique permettra à l'ASFC de rassembler des informations sur les types et la fréquence des incidents. Elle permettra également à l'ASFC de prendre des décisions importantes en matière de sécurité et de protection en lien avec le personnel et les besoins de la formation continue. L'information recueillie dans ce formulaire est protégée et peut être communiquée à des organismes internes ou externes selon un usage compatible ou en vertu d'autres dispositions énoncées au paragraphe 8(2) de la Loi sur la protection des renseignements personnels <http://laws-lois.justice.gc.ca/eng/acts/P-21/index.html>. L'information est conservée dans un fichier de l'ASFC PIB PPU 012. Des explications complémentaires sur l'information conservée dans ce fichier figurent dans le guide Info Source, disponible dans les bibliothèques, ou dans le site Internet d'Info Source <http://www.infosource.gc.ca>.

<b>Synopsis of the Complete Incident / Synopsis de l'incident complet</b>			
<p>On May 31, 2013, CBSA enforcement officer was assigned to the North Fraser Pre-trial as the Detainee Liaison Officer. IEO was equipped with his duty belt with Handcuffs, OC spray and Defensive baton. His duty firearm was locked away at the entrance to the cell block, as per the cell block policy.</p> <p>While in the cell block, IEO heard what sounded like an altercation between two inmates within a cell. Simultaneously to this IEO heard a cell block guard yell out that there was a 'fight'. Subsequent to this IEO Lewis reported looking in the cell and witnessing two inmates in a physical altercation while four other inmates were watching. Both inmates were later identified as</p>
